51. Author's Note

#1

Teach the kits how to carefully inject Deathberry juice into Firestar's prey

#2

Kill Sandstorm in front of Firestar

#3

During a gathering, start a huge skirmish, then just when all four leaders declare war against one another, laugh so loudly everyone knows you just made a really bad joke.

#4

After great long loyalty to ThunderClan and being proven to be an amazing warrior. Sneak Tigerstar and Brokenstar into the camp.

#5

One time, I heard or read somewhere that Catmint tasted good.

OMNOM.

Mmm, they were right

Eats entire supply during leaf-bare

#6

Encourage other cats to write or inspire books, poems or ideas like this book (on how to getting kicked out of Clans)

#7

I spy with my little eye a Tigerstar sneaking into camp to kill Firestar.

OH MY STARCLAN!!!

Wait... Should I help?

Naaahhhh....

#8

For one whole moon, each and every day, question Firestar for about his loyalties

#9

Start a war on cats.

Kill one cat, blame it on another.

Kill another cat, blame it on another cat.

Etc

#10

Teach cats how to die. Then convince them to try it.

#11

Teach kits that they came out of their mother's stomach

#12

Step 1: Invent a new day call it ___day (example: Greyday!)

Step 2: You are now the leader

Step 3: You don't kicked out, this'll just really piss off your leader

#13

Become a medicine cat just so you can lie and make up prophecies such as the following:

SUNPAW'S EVIL, KILL HIM SILVERPAW!

or such as...

SILVERPAW'S GOING TO TURN INTO A BLOCK OF ICE ACCORDING TO THE PROPHECY STARCLAN SENT ME!

#14

Become a medicine cat. Then, when StarClan tells you a prophecy be like the following: "You StarClan? And Sunpaw's going to light on fire! And ruin the forest?! NUUUUUU!!!"

#15

MOO all day long!

#16

When Bramblestar and Squirrelflight join StarClan, take a piece of prey and throw it at Ashfur. Claim Bramblestar threw it because Squirrelflight loved him more. Now get your popcorn. FIGHT! FIGHT! FIGHT!

#17

Keep on teasing Daisy how both her mates (Smoky and Spiderleg) somehow betrayed her.

#18

Invite Greystripe to eat with you. Invite Millie and Silverstream without any of the guests knowing, then excuse yourself to go to dirtplace when your going to spy on their ackward hunt!

#19

Invite Scourge, Tigerstar and Firestar to a 'diner'. Invite everyone else to be 'guests'. When they come, OOPS! I mixed up the invitations it's a wrestling match! They see each other, fight and you have an amzing show and you are an amazing host!

#20

Give your Clanmates the most weird of nicknames (examples:)

Firestar: MY BUTT'S ON FIRE!

Sandstorm: IT BURNS SO BAD, GET THE SOUND OUT OF ME EYES!

Spiderleg: LOOK AT THOSE LEGS!

Daisy: Can I sniff you?

Smudge: Ink spilt all over my white shirt

[Leave more names in the comments!]

#21

Claim to Firestar you have an announcement to make, when he agrees to let you say it, unroll a HUGE (by that, I mean forest-sized) scroll and start lecturing the Clan. When Firestar asks you to stop, disagree, and every time he asks/orders, get more and more mad until he just boots you out of the Clan!

#22

You: Moo
You: Moo
You: Moo
You: Moo
You: Moo
Firestar: OKAY, OKAY I GET IT!
You:Moo
You: Moo
You: Moo
Firestar: SHUDDUP! OR ELSE YOU'RE KICKED!
5 min later
You: Moo

#23

Rebel against everything, no matter what it is, until you start to fight!

#24

Ask Firestar politely if you could borrow a match (fire-starter). When Firestar agrees, light a fire and 'accidentally' drop it. LIGHT THE FOREST ON FIRE!!!

#25

Act like you've always had a grudge on a cat in ThunderClan, than one day, when your hate for the cat is pure obvious, go to the medicine and requested for death berries. Not to suicide. But for... 'Other reasons'.

#26

Hi Jayfeather! How are you doing? Oh you want me to go away. Jayfeather can I have something from your den? Pwetty Pwease..... No? Okay... I'll just clean this den up. Wow look at that stick, probably is garbage *breaks stick in half and throws in river*.

Jayfeather: *_*

#27

Troll the other Clans, for examples, read below:

Blame ShadowClan for stealing prey, when they didn't

Blame WindClan for stealing your Clan's kit

Push a RiverClan cat in the water and see how long he can last before passing out

Push an unprepared SkyClan cat off a tree

Invade ThunderClan, than say it was an 'misunderstanding' and that they thought they were ShadowClan, then start blabbering how you really can't ell the difference

#28

When Spiderleg steps out of the den, ask many of your Clanmates (preferably friends) to crowd around him and say the following:

"WOW!!! Nice legs! You gotta tell me how you got them!"

Wolf whistle

Applaud.

Then piss him off by doing this everywhere he goes. You can run Spiderleg, but you can't hide... NICE LEGS!

#29

Firestar (or to your least favourite character, mine isn't Firestar by the way)
Sometimes I just want to paw-five you (high five),
In the muzzle,
With a dead black bird,
With a very big impact,
That pushes you off a cliff,
While I watch you bleed to the death

Post this with your least favourite character in the comments!

#30

One vote = One punch in the face of your least favourite character!

Feel free to post who it is in the comments!

Day Two: I love you Fireheart.

#48

Dustpelt: Really! I love you too-

Sandstorm: Nah, troll; I love Fireheart.
